

PROGRAM SOLICITATION NSF05-570

Dynamic Data Driven Application Systems (DDDAS)

**A new paradigm for
applications/simulations and measurement methodologies**

Sponsored by NSF, NIH, NOAA

Cooperating Programs:

EU Grids & e-Infrastructure, and UK e-Sciences

Solicitation announced on March 10, 2005

Proposals due: June 13, 2005

Dr. Frederica Darema

Senior Science and Technology Advisor
